Technical aspects	<p><b>20 to &gt;13.33 pts</b> <b>Proficient</b></p> <p>Makes excellent use of WeVideo editing tools. Visual media are without issue. Final product is polished and shows great effort on the part of the teacher candidate/intern. Considers fair use of media (e.g. music, cites source at end of piece) and includes Fair Use Reasoning Document if needed.</p>	<p><b>13.33 to &gt;6.67 pts</b> <b>Basic</b></p> <p>Makes adequate use of WeVideo editing tools. Few to no issues with visual media are present. Final product shows some time and effort invested on the part of the teacher candidate/intern. Partially considers fair use of media (e.g. music, cites source at end of piece) but Fair Use Reasoning Document is not included but is needed.</p>	<p><b>6.67 to &gt;0 pts</b> <b>Needs Improvement</b></p> <p>Does not make effective use of WeVideo editing tools. Issues with visual media are apparent (e.g. significantly poor image quality, dead space between visual content). Final product is very rough and appears rushed or "last-minute". No consideration is given to fair use of media (e.g. music, cites source at end of piece). Fair Use Reasoning Document is clearly needed but not included.</p>	20 pts
Audio	<p><b>15 to &gt;9.55 pts</b> <b>Proficient</b></p> <p>There is a very good balance between music and narration with music enhancing rather than distracting, if music is used. Narration demonstrates practice on the part of the storyteller and is recorded with appropriate speed, emotion, and clarity of voice. At least 30 seconds of narration is included.</p>	<p><b>9.55 to &gt;4.09 pts</b> <b>Basic</b></p> <p>Narration can be heard with some minor issues with balance between music and narration if music is included. Narration may be rushed, appear "unrehearsed" or "off the cuff" and/or cannot be clearly understood by the audience. Less than 30 seconds of narration is included.</p>	<p><b>4.09 to &gt;0 pts</b> <b>Needs Improvement</b></p> <p>Narration cannot be heard due to volume or interference with music if included (e.g. music too loud, voice too soft). Narration detracts from the overall piece (e.g., frequent pauses, "um", etc. ) or is missing entirely (automatic 0 for this section if no narration is included).</p>	15 pts

Content	<p><b>8 to &gt;5.71 pts</b> <b>Proficient</b></p> <p>Pacing is on target. Content is focused on the topic of challenge or change and attempts to engage the audience. Media (visuals, audio) and narration is highly relevant to the topic and is used well to convey the message.
