

Student _____ Date _____ Tape # _____ Start Time _____ Transport Time _____ End Time _____			
Medical Assessment Checksheet			
	Points	Score	Notes
Equipment Checkout			
Thoroughly checks equipment before scenario.	4		
Scene			
Scene survey (hazards, MOI, number of patients)	1		
PPE	1		
Determines MOI/Nature of illness	1		
Establishes and maintains rapport with patient, family, and bystanders	1		
Chief Complaint and General Impression			
Determines responsiveness/LOC	1		
Introduces self to patient as a paramedic	1		
Determines chief complaint/life threats	1		
General patient appearance/impression	1		
Airway/C-spine			
Opens and assesses airway (protects C-spine PRN)	2		
Clear airway (FBAO/suction) PRN	2		
Insert OPA/NPA PRN	2		
Breathing			
LLF (3--5 secs)	2		
Relative rate, rhythm, quality of respirations	2		
Appropriate oxygen therapy	2		
BVM PRN	2		
Circulation			
Assess carotid and radial pulse	2		
Relative rate, rhythm, quality of pulses	2		
Skin color/temp/capillary refill	2		
Hemorrhage check and treatment	2		
History of Present Illness			
Character	1		
Onset	1		
Old disease	1		
Location	1		
Provocation	1		
Aggravation/Alleviation	1		
Radiation	1		
Associated Symptoms	1		
Duration	1		
Intensity	1		
Self Treatment	1		
Extenuating Events	1		
Past Medical History			
Allergies	1		
Medications			
Prescription	1		
OTC	1		
Recreational	1		
Compliance	1		
Herbals	1		
Past illnesses and surgeries	1		
Last meal	1		
Physical Exam			
HEENT			
PERRLA	1		
EOM	1		
Ears	1		
Neck			
JVD	1		
Trachea	1		
Chest			
Inspect for Trauma, Retractions, Expansion, Effort, Symmetry	1		
Palpation for tenderness, crepitus, fremitus	1		
Auscultate all lung fields	1		
Percuss lung fields PRN	1		
Auscultate heart sounds for distance and murmurs	1		
Abdomen			
Inspect for distension	1		
Auscultate for bowel sounds	1		
Palpation for rigidity, tenderness, masses, organomegaly	1		
Palpation/estimation of fundal height	1		
Auscultation of FHT	1		
Extremities			
Palpate long bones	1		
Palpate for edema	1		
PMS	1		
DTR	1		
Vital Signs			
BP	1		
Pulse	1		
Respirations	1		
Temperature (to touch)	1		
Oxygen saturation	1		
EKG	4		
Blood Glucose	1		
Diagnosis			
Verbalizes all medical problems	4		
Treatment			
Provides all indicated treatments	10		
Radio Report			
Provides adequate radio encode to receiving facility	2		
Transport/Reassessment			
Verbalizes reassessment and treatment plan during transport	1		
Score	100
